

GOVERNANCE STRUCTURE: Fionn Brogan Trust and Fundraising Committee

Fionn Brogan is a five year old boy from Blackrock in Dublin with an incredible smile and a love of Superheroes. Fionn lives with his parents Michael and Maeve, his big brother Daniel and his baby sister Greta. Fionn loves to have adventures and get up to serious mischief with his cousins and his friends from Montessori.

Fionn's family's life was shattered in April 2019 when they received the news that Fionn had been diagnosed with Duchennes Muscular Dystrophy (DMD)

The Fionn Brogan Trust has been established to collect and administer all funds raised for Fionn. The goal of the Trust and all fundraising is to be as proactive as possible to limit the inevitable barriers Fionn will face throughout his life, and to maximise Fionn's potential going forward. Trustees appointed to the Trust are independent of the family and will be fully accountable for how any money raised is spent.
